

## ITEM 025TB : STAINLESS STEEL WINE BARRELS

Fine winemakers around the globe are turning to steel cooperage because of its product integrity, longevity and material purity. Innovative Skolnik Stainless Steel Wine Barrels are designed for all stages of development, fermentation and maturation. Use them to complement your oak barrels—for storage, aging, topping-off, experimentation or when oak notes are undesirable. Our 55 Gallon Drums are designed to fit standard wine barrel racks. We also offer stainless steel fittings to aid in micro-oxygenation, for better control of tannins, color stability and aroma integration. To learn more, visit [skolnikwine.com](http://skolnikwine.com).

We offer 3 sizes of crevice-free, seamless stainless steel wine barrels (items 025, 055 and 075). This design is the easiest to clean, virtually eliminating any accumulation of bacteria.
